Redux

PROGRAMMING LANGUAGES

JavaScript
Full Professional Proficiency

Java
Limited Working Proficiency

Python
Limited Working Proficiency

INTERESTS

Basketball

Badminton

EDUCATION

B.Tech in Information Technology

Guru Jambheshwar University of Science and Technology

12/2020 - Present

Hisar, India

BS in Programming and Data Science

IIT Madras

05/2021 - Present

Madras, India

Courses

- Database Management System
- Modern Application Development
- Programming Concepts using Java

PERSONAL PROJECTS

React Workflow (04/2023 - 04/2023)

- Developed a personal project using React.js and React Flow to create an intuitive and responsive user interface.
- Utilized API to retrieve and display data in real-time, enabling users to make informed decisions quickly and efficiently.
- Designed and implemented complex data flow and visualization components using React Flow, resulting in a seamless user experience.

Hotify (10/2022 - 10/2022)

- Created a ReactJS-based music player web application that leveraged the Shazam API and Geolocation API to allow users to discover new music based on their location.
- Implemented a search feature and developed dedicated pages for each song and artist, providing detailed information about their history and discography.

Chatter (09/2022 - 09/2022)

- Developed a chat application using ReactJS and Firebase, leveraging Firebase Auth, Storage, and Firestore.
- Implemented a sign-up and sign-in functionality to ensure user security and privacy.
- Improved application performance by implementing efficient code and resolving technical issues.

EXPERIENCE

React Frontend Intern

Fynii

09/2022 - 11/2022

Remote

Startup building a job and internship platform for students

Tasks

- Mentored and guided junior interns to help them learn and grow in their roles.
- Converted HTML code to React and added search, filter, sign-up, and sign-in functionalities.
- Fixed CSS and JavaScript issues on the website to improve user experience.
- Resolved production and deployment bugs to ensure smooth operation of the website.

SOFT SKILLS

Core Team Member , Coder's Club, [GJUS&T]

Volunteered and anchored at various events and workshops such as Azure Day, Meta event, etc

Co-coordinator, Website Team, Training and Placement Cell, [GJUS&T]

Led a team in developing and maintaining the website for the training and placement cell. Collaborated with other teams to ensure timely updates and accurate information.
