Limited Working Proficiency

Python
Limited Working Proficiency

EDUCATION

B.Tech in Information Technology
Guru Jambheshwar University of Science and Technology
12/2020 - Present   *Hisar, India*

BS in Programming and Data Science
IIT Madras
05/2021 - Present   *Madras, India*

EXPERIENCE

Frontend Developer Intern
Uttertale ↗
07/2023 - Present   *Remote*
Building a community of Businesses, Entrepreneurs and Content Creators

Achievements/Tasks
- Developed an admin panel from scratch using ReactJS and integrated essential APIs for optimal functionality.
- Implemented group chat and personal chat features to enhance user interaction.
- Utilized React MUI (Material-UI) for a polished and responsive user interface design.
- Orchestrated efficient deployment processes using Docker for containerization and AWS console for seamless deployment management.

Frontend Developer Intern
EssayChecker.Ai ↗
07/2023 - Present   *Remote*
Analyze your IELTS Essays and Letters in 5 seconds

Achievements/Tasks
- Developed a vocabulary quiz feature entirely from scratch in React.js and vanilla JS, showcasing comprehensive ownership.
- Implemented a library book feature utilizing Swiper.js for an interactive and user-friendly design.
- Currently in progress: Working on the development of a transcript and audio sync feature, demonstrating ongoing commitment to feature-rich enhancements.

NodeJs Developer Intern
Phnk Networks Pvt Ltd
09/2023 - 11/2023   *Remote*

Achievements/Tasks
- Developed Node.js APIs for an admin panel, employing MySQL queries for efficient data management.
- Integrated APIs seamlessly into the frontend for a cohesive user experience.
- Demonstrated proficiency in full-stack development, showcasing skills in Node.js and MySQL.
- Designed and implemented pending features in React, utilizing Chart.js and React MUI for enhanced visual appeal.

React Frontend Intern
Fynii ↗
09/2022 - 11/2022   *Remote*
Startup building a job and internship platform for students

Tasks
- Mentored and guided junior interns to help them learn and grow in their roles.
- Converted HTML code to React and added search, filter, sign-up, and sign-in functionalities.
- Fixed CSS and JavaScript issues on the website to improve user experience.
- Resolved production and deployment bugs to ensure smooth operation of the website.
