WORK EXPERIENCE

Frontend Developer - Feb 2024 to present
SellerGeni

- Spearheaded the creation of a comprehensive design system using **Storybook**, establishing a consistent UI/UX across the platform.
- Single-handedly developed and integrated the complete internal dashboard, managing both design and implementation, utilizing **React** and **TanStack Table** for efficient server-side rendering.
- Led the frontend development for critical features, including **Listing Builder**, **Campaign Launcher**, and **Sellergen.AI**, ensuring seamless user experiences and robust performance.
- Played a pivotal role in enhancing the UI of various internal tools, contributing to improved usability and productivity across teams.

Frontend Developer Intern - Jul 2023 to Jun 2024
Smarteo Ventures LLP

- Analyzed IELTS essays and letters, and developed diverse features including a vocabulary quiz, IELTS end-to-end mock tests, PTE summary analysis, PTE essay analysis, and IELTS listening tasks.
- Implemented functionalities to enhance user engagement and provide comprehensive language learning support, including audio and transcript provisions for listening tasks.
- Integrated **Docusaurus** for efficient documentation management and utilized **Swiper.js** for interactive and dynamic content presentation.

Frontend Developer Intern - Jul 2023 to Jun 2024
Uttertale

- Developed an admin panel with **ReactJS**, integrated APIs, and added group/personal chat features.
- Used **React MUI** for UI design and orchestrated deployment with **Docker** and **AWS** for efficiency.
